

Al-Karam Textile Mills (Pvt.) Ltd. & Al-Karam Textile Mills (Pvt.) Ltd. Unit-II is committed to excellence in Quality & protection of the natural environment using the earth's resources in a sustainable way.

In particular we ensure the following:

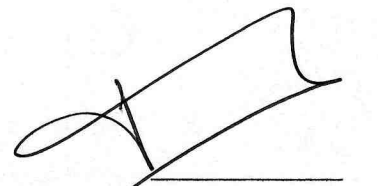

1. Fulfill customers' needs and requirements to achieve their satisfaction and confidence within a defined timeline.
2. Setup objectives to :
  - 2.1 Improve and achieve the best quality of products.
  - 2.2 Reduce significantly environmental impacts.
  - 2.3 Ensure workers' health and safety.
3. Provide ongoing training and awareness to our workers, employees and suppliers to improve & sustain the environmental practices, product quality, process quality, security and workers' health & safety through available resources.
4. Strive to prevent pollution & its sources. If not possible then we will adopt the hierarchy of 3R (reduce, reuse, recycle) where improper disposal will be done.
5. Comply with relevant national/international, social and environmental legislations, standard and Customers' code of conduct.
6. Give our workers an environment where they enjoy all benefits as per the law.
7. Empower our employees to seek efficient and effective ways to do work.
8. Maintain security of goods in favor of customers and end users at every stage of production from procurement to shipment.
9. Review our integrated management system procedures periodically for continuous improvement.
